

## Your chance to steer policy and improve lives

Diabetes UK's Council of Healthcare Professionals is a multidisciplinary advisory body that provides us with feedback on how well the charity is meeting the needs of healthcare professionals and people with diabetes.

Being a member of the Council is challenging and rewarding. Working in partnership with us, you can use your expertise to help us beat diabetes.

The Council meets four times a year and members also provide input between meetings on specific issues such as consultations.

There are a number of vacancies on the Council starting in January 2012. These voluntary roles are open to all healthcare professionals with a specialism or interest in diabetes. Members will be expected to demonstrate an ability to think strategically, put across the perspective of their profession, question constructively and take an active part in all meetings and e-mail correspondence.

To apply, please contact the Governance Team via email [governance@diabetes.org.uk](mailto:governance@diabetes.org.uk) or by calling **020 7424 1000**. The application deadline is 1 November 2011.
